Graduate Profile:

Graduates of the Global Development program are changemakers committed to the common good. With a strong interdisciplinary foundation and a global perspective, they are equipped to drive social transformation and promote sustainable development in communities around the world.

They know how to:

- Analyze social and economic dynamics
- Design strategies that address challenges in economics, politics, community development, and environmental sustainability
- Create solutions that foster human flourishing and improve quality of life

This is a degree for those who want to lead with purpose and impact.

Why Choose the Global Development Program at Universidad Anáhuac?

Because here, education is more than academics—it's a journey of personal growth, values, and leadership. At Anáhuac, you will:

- Build the skills to collaborate across disciplines and cultures, working with others to create practical solutions for social transformation
- Explore the foundations of human and social development in areas like economics, ecology, politics, community, and cultural identity
- Make decisions guided by principles such as the common good, solidarity, subsidiarity, and the universal destination of goods
- Design impactful strategies using your knowledge, values, and professional skills to address complex global challenges

What Can You Do with a Degree in Global Development?

- Analyze human and social development across economic, ecological, political, and cultural dimensions.
- Communicate responsibly to build dialogue and consensus.
- Evaluate links between environment and society to promote the common good.
- Design integrated solutions balancing social, economic, and environmental needs.
- Lead innovative, socially responsible projects to foster sustainable futures.

Where Can You Work?

- Multinational Companies: Community relations, ESG compliance (Environmental, Social, Governance).
- Strategic Consulting Firms: Political risk analysis, sustainability, international expansion.
- International Organizations: UN, World Bank, OECD, ECLAC – policy analysis, sustainable development, global cooperation.
- Government (Local & National): Public policy design in economic development, social inclusion, migration, climate change.
- Cooperation Agencies: Project management, impact evaluation, public diplomacy.
- NGOs & Foundations: Human rights, gender equity, community development.
- Education & Social Communication: Campaigns, training, content creation with a global lens.
